HARRIS School Solutions

Budget Development #1 – sponsored by Harris School Solutions

QSS/OASIS Customer Education

Summary

The Budget Development #1 webinar provides an introduction and review of the QSS/OASIS Budget Development system:

- Basic Budget Development processes
- Maintaining models
- Transferring accounts and budgets to/from Budget Development
- Using Quick Entry and Account Maintenance to maintain budgets
- Adjusting budgets by Percentage Method
- Using the Comparative Budget Report
- Other topics related to Budget Development, as time permits

This is the first of two Budget Development workshops presented in January. The second workshop, Budget Development #2, explores more advanced topics and will follow one week later.

When and Where

- Thursday, January 11, 2018 from 10:00am to 12 noon (Pacific). Presenter: Don Hemwall.
- Online Webinar – Refer to the email you'll receive after you register for instructions
- This webinar is scheduled to be recorded for later viewing, and can be viewed by clicking the link on the QCC "Help+Video" menu approximately two weeks after the live broadcast.

Intended Audience

Budget and Accounting staff, Chief Business Officials, Technical Support staff

Cost
