

QSS/OASIS Budget Development #2 Webinar

Advanced Topics

sponsored by Harris School Solutions

Budget Development #2 – sponsored by Harris School Solutions

QSS/OASIS Customer Education

Summary

The Budget Development #2 webinar is the second of two budget development webinars and will address intermediate and advanced topics in the QSS/OASIS Budget Development system:

- Exporting and importing data from/to Budget Development
- Budget Actions
- Working with ending and beginning balances
- Interfacing with Position Control
- Calculation of labor benefits costs
- Other topics related to Budget Development, as time permits

When and Where

- Thursday, January 18, 2018 from 10:00am to 12 noon (Pacific). Presenter: Don Hemwall.
- Online Webinar – Refer to the email you'll receive after you register for instructions
- This webinar is scheduled to be recorded for later viewing, and can be viewed by clicking the link on the QCC "Help+Video" menu approximately two weeks after the live broadcast.
